

EXECUTIVE FORUMS

SIX MONTHS · SIX SESSIONS · BREAKTHROUGH SOLUTIONS

Navigate your toughest leadership challenges with peers who get it.

Strategic problem-solving with peers who lead at your level.

EdgePoint Executive Forums bring together small, facilitated cohorts of senior executives to tackle real business challenges together. This isn't networking — it's focused consultation with accomplished leaders from diverse industries who understand the complexity of leading at your level. Over six months, you bring your real issues to a trusted circle, gain fresh perspectives, test ideas, and develop concrete solutions you can implement immediately.

YOUR SIX-MONTH JOURNEY

1

Intake Interview

A one-on-one conversation to understand your context, challenges, and goals — and co-design a development action plan for the engagement.

2

Six Forum Sessions

Monthly two-hour sessions with your cohort, facilitated by experienced EdgePoint faculty. Deep-dive on real challenges, peer consultation, and accountability.

3

Mid-Point Check-In

A focused conversation to assess progress on your action plan, recalibrate if needed, and ensure you're getting maximum value from the experience.

4

Exit Interview

A reflection on your growth, the breakthroughs and shifts, and a forward plan for what continues — including a path into broader EdgePoint membership.

WHAT YOU'LL GAIN

- **Clarity** on complex challenges — beyond the noise, toward what really matters
- **Diverse perspectives** from leaders across industries who bring fresh thinking
- **Accountability and momentum** through a committed group tracking your progress
- **Trusted relationships** with peers who become thought partners beyond the program
- **Practical solutions** — concrete next steps, not just theory

WHO SHOULD JOIN

- **Senior executives** facing complex organizational challenges (SVP+ level)
- **Strategic thinkers** who value diverse perspectives over echo chambers
- **Growth-minded leaders** committed to both giving and receiving support
- **Curious executives** who want to test ideas in a high-trust setting
- **Decision-makers** navigating M&A, transformation, or team dynamics
